## **SPECIAL INSTRUCTIONS**

## **PLEASE READ BEFORE SHIPPING YOUR PARTS**

**HOW TO CLEAN YOUR PARTS** - Please make sure that your items are degreased,clean and dry before shipping. Do not send us parts that are dripping with oil.Please clean them with brake clean or another type of degreaser. **WHAT TO REMOVE** Make sure there are no bushings,bearings,seals races,rubber,plastic, valve stems,or weights with your parts. Please remove these items prior to shipment. **SAND BLASTING** - Most parts require sandblasting and hand sanding prior to powder coating Blasting charges vary due to the difficulty of the part to blast. **MASKING**-The prep department at Johnson's Powder Coating is familiar with most common areas on automotive parts and motorcycles that require masking before coating. We will automaically mask these surfaces as well as all threaded holes with silicon plugs and high temperature tape. If you have specific masking requirements,please include a detailed explanation with the shipment. **SHIPPING CHARGES**- Parts will be shipped via UPS ground unless otherwise indicated. Johnson's Powder Coating will take extreme care in wrapping and packing your parts so they arrive in excellent condition. Johnson's Powder Coating is not responsible for extreme damages caused by by the shipping company. **DISCLAIMER**- Johnson's Powder Coating is not responsible for the structural integrity of items due to their age and condition prior to restoration. Johnson's Powder Coating also not responsible for holes (due to rust) after sandblasting process. Any damage due to shipping or age will be reported to customer prior to coating.

Please do not send credit card or cash with this form you will be contacted after receiving of parts for payment information.
